

General information

Glyphosate is a broad-spectrum, nonselective systemic herbicide used for control of annual and perennial plants including grasses, sedges, broad-leaved weeds, and woody plants. It can be used on non-cropland as well as on a great variety of crops. It is generally distributed as water-soluble concentrates and powders.

Direction for use

The combined total of all treatments must not exceed 10.6 quarts of this product per acre per year. The maximum use rates stated throughout this product's labeling apply to this product combined with the use of all other herbicides.

Personal protective equipment

Applicators and other handlers must wear: long-sleeved shirt and long pants, chemical resistant gloves, shoes plus socks, and protective eyewear. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If has no such instructions for washable, use detergent and hot water. Keep and wash PPE separately from other laundry.

Incompatible Materials: Strong oxidizing agents: bases and acids. This product reacts with galvanized steel or unlined steel (except stainless steel) to produce hydrogen gas that may form a highly combustible gas mixture which could flash or explode.

Glyphosate

Isopropylamine salt 480g/L SL

Herbicide

Active Ingredient w/v
Glyphosate Isopropylamine salt 480 g/L
Inert Ingredients.....up to 1L

Batch No: Net contents:
Manuf. date: Shelf life: 2 YEARS

CAUTION

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION! Cause irreversible eye damage. Harmful if swallowed or inhaled. May cause skin irritation. Do not get in eyes, on skin or on clothing. Containing Glyphosate as the active ingredient, whether applied as mixture or separately used.

Environment hazards

Do not apply directly to water.

Storage

Keep out of reach of Children. Keep away from

food, drink and animal feed. Keep only in the original container. Store in the closed, original container in a dry, cool, well-ventilated area.

Disposal method

Recycle it appropriate facilities available. Burn in special, controlled high temperature incinerator. Keep out of drains, sewers, ditches and water ways. Follow all local/regional/ national regulations.

Container disposal: Triple rinse empty containers. Pour rinse water into spray tank. Emptied containers retain vapor and product residue. Observe all labeled safeguards until container is cleaned, reconditioned or destroyed.

First aid:

In halation: Remove to fresh air and keep at rest until recovered. If not breathing, give artificial respiration and get to a doctor.

In eyes: Immediately flush with plenty of water. Continue for at least 15 minutes.

Ingestion: Immediately offer water to drink. Do not induce vomiting. Then see doctor immediately.

On skin: Remove contaminated clothing. Wash contaminated skin with soapy water. If skin irritation develops, get medical attention. Wash clothing thoroughly before re-use.
