

General information

Imazethapyr is a selective herbicide that can be applied as an early pre-plant, pre-plant incorporated, pre-emergent or post-emergent treatment.

Direction for use

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Using in various crops at 75-90g/ha

Personal protective equipment

Applicators and other handlers must wear: long-sleeved shirt and long pants, chemical resistant gloves, shoes plus socks, and protective eyewear. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate.

Environment hazards

Imazethapyr is toxic to aquatic organisms. DO NOT apply it directly to aquatic habitats (such as lakes, rivers, sloughs, ponds, prairie potholes, creeks, marshes, streams, reservoirs, ditches, and wetlands), estuaries, or marine habitats.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Imazethapyr 10%SL Herbicide

Active Ingredient	w/v
Imazethapyr.....	10%
Inert ingredient.....	Up to 1L
Batch No:	Net contents:
Manuf. date:	Shelf life: 2 YEARS

KEEP OUT OF REACH OF CHILDREN

Hazards to humans and domestic animals

Ingestion of in excess of 60 ml in a child and 240 ml in an adult may produce signs and symptoms of ethylene glycol poisoning, including severe metabolic acidosis, oxaluria, hypocalcemia and renal failure due to crystaluria. Treat symptomatically persons providing first aid must wear gloves to avoid self-contamination. Treatment with intravenous bicarbonate to combat acidosis and ethanol to inhibit the metabolism of the glycol to oxalate may be necessary.

Storage and Disposal

Store the product in original container only. Store unused product in a cool, ventilated, dry locked area. Keep away from heat, sparks and flames. Do not store in or around the home. Never transfer this product to another container for storage.

Do not dispose of by open dumping. Do not flush to surface water or sanitary sewer system. Do not contaminate water, food or feed by disposal. Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility. Observe all cautions and limitations on this label.

First aid

Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Consult medical personnel.

In eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Seek the doctor for medical attention.

Ingestion: Do not induce vomiting. Give large quantities of water or milk. Seek medical attention.

On skin: Wash with soap and water immediately at least 15 minutes. Remove contaminated clothing.
